EDUCATION

Higher Secondary Education

Spring Meadows Public School,New Delhi

April 2016 - June 2018

Bachelor of Computer Application

Integrated Institute of Technology

August 2018 - July 2021

Java Back-End Development Course(full- time)

Masai School

November 2022-present

TECHNICAL SKILLS

Spring Boot | Core Java | Hibernate | Spring | MySQL | MyBatis | Redis | Spring Security | Spring Data JPA

SOFT SKILLS

Adaptability | Teamwork | Problem Solving

PROFESSIONAL SUMMARY

Proactive Java developer proficient in Java, Spring Boot, Hibernate, and MySQL, with expertise in backend development principles. Collaborates effectively to translate project requirements into efficient server-side solutions. Strong problem-solving skills and code optimization expertise. Excellent teamwork and communication abilities. Seeking a Java Backend Developer role in a dynamic environment.

WORK EXPERIENCE

Zet (previously OneCode)

Software Development Engineer Intern | June 2024 – December 2024

Job responsibilities:

- Collaborated with frontend developers and product teams to understand project requirements for efficient backend solutions.
- Designed and maintained backend applications using Java and related frameworks, such as Spring.
- Implemented RESTful APIs for seamless integration with frontend components and third-party services.
- Designed and implemented self-service APIs, significantly reducing database configuration time and improving operational efficiency.

PROJECTS

1. Box Tracker | ⊕ | ⬡

core java | Spring Boot | Spring Data Jpa | Spring Security | MySQL | RESTful APIs

- Developed the Box Tracker application using *Spring Boot*, *Spring Data JPA*, *Spring Security*, *MySQL*, and *Maven* for efficient package tracking and management with real-time updates and location tracking.
- Implemented user login, user sign up, and box status tracking functionality using *Spring Boot*.
- Collaborated with team members to ensure seamless client-server communication through RESTful APIs.

2. Book My Bus | ⊕ | ⬡

Spring Boot | Spring Data JPA | Spring Security | Maven | MySQL

- Collaborated with a team to develop a seamless online Bus Booking application utilizing Spring Boot for robust backend performance.
- Implemented CRUD operations for user management using Spring Data JPA and MySQL, ensuring efficient data handling.
- Designed RESTful APIs for frontend integration, allowing smooth user login, search, and booking processes.
- Utilized Spring Security to maintain high security standards in user authentication and authorization.
